Thank you for your response! Here are the answers to your questions:

Regarding the Mileage (1,800 km):

I have carefully reviewed your complete itinerary before setting this price. The 1,800 km limit was calculated with extra buffer distance included. Please be assured that I will not charge you any extra fees for this route—my quoted price covers your itinerary fully.

Regarding Airbnb Locations:

No problem at all! It is completely fine if your Airbnbs are located a bit away from the city centers. Our driver will pick you up and drop you off directly at your doorstep every day.

Regarding Horton Plains (March 1st):

Early departure is absolutely fine. However, please note that regular luxury/private vehicles cannot drive directly on the specific rough terrain tracks inside/around certain reserved areas there. We can easily arrange a dedicated local vehicle (such as a local 4x4 jeep) specifically suited for those roads so your trip goes smoothly.

Regarding Payment in EUR Cash:

Yes, you can definitely pay in EUR cash! As your arrival date gets closer, I will calculate and inform you of the exact amount in Euros based on the exchange rate.

Regarding Your Driver:

Yes, absolutely! I am assigning our best, most experienced driver for your tour, and I will share his details with you right away in the updated booking confirmation.

Hi there,

your quote looks good but I have a few questions, you can probably help me with:

- your quote says, it's 1.800 km in total, is that enough for our itinerary? Most others quotes stated around 2.000 km
- I forgot to mention that we will stay in airbnb locations, some a bit far from the city centres
- and we got a third day with an early departure (March 1, going to Horton Plains)
- may we pay in EUR in cash?
- can you tell already who will be our driver? Most quotes mentioned a name already, but you didnt :-)

Please answer these questions and I will talk to the other tour members and book asap.

Kind regards

Sven
